

JACKSONVILLE GENEALOGICAL SOCIETY, INC.

NEWSLETTER

VOL. 25, NO. 4

July-August 2009

Copyright 2008 by the Jacksonville Genealogical Society, Inc., PO Box 60756, Jacksonville, FL 32236-0756

MISSION STATEMENT:

To promote the sharing of genealogical knowledge;
 to provide assistance to members and the public;
 to foster preservation of historical records;
 and to champion and sustain ethical genealogical standards.

Membership Meetings

The Society meetings are held the 3rd Saturday of the month at 1:30 p.m. at the Webb-Wesconnett Library, 6887 103rd Street, Jacksonville, Florida.

Membership Meeting – July 11, 2009

Please note this is a date change from our regular schedule for meetings. For our July meeting we are fortunate to have as our speaker Mr. Richard Minor, Jr., Regional Director of the Jacksonville Karpeles Manuscript Library Museum. His presentation will be “Original Manuscripts and the Karpeles Collection.” This should be an interesting meeting, especially for those of us who enjoy a little history. Please place to attend.

Membership Meeting—August 22, 2009

Please note this too is a date change from our regular schedule for meetings. For our August meeting we are extremely pleased to have as our speaker, Mr. James Mitchell Brown, MA. Mr. Brown’s program will be “Federal-Land States and Their Land Records.” “These records often contain critical evidence that can be used in serious genealogical investigation.” Mr. Brown will have a power-point presentation and provide a detailed syllabus. Please plan to attend.

THANK YOU, AGAIN, GRACE.

40th Anniversary

As you probably remember The Jacksonville Genealogical Society, Inc., is having their 40th Anniversary in September. Celebration will be held on our regular meeting date of September 19th. Please plan to attend this one. You will be hearing more on this.

A COOKBOOK.

Part of the 40th Anniversary celebration is the making of our JGS Cookbook. Sorry, don’t know the cost yet. Most of this next material most all of you know by now but it is worth repeating. Members are asked to supply five or more family favorite recipes. You can send to via e-mail to Ann Staley at astaley@comcast.net, or to me, jlaird@bellsouth.net. If you send them to me I will send them on to Ann. You can also use our e-mail address at jaxgen@comcast.net

No computer, no problem. Just send them to the address above. Do you wish to add a note or antidote about your

recipe. Again, not a problem. Just place those comments at the end of the recipe. Make sure you check all ingredients for accuracy and directions for completeness. I think I remember Joan Peck saying she has sent in over a dozen recipes. So... don't be bashful. There is a July 15 deadline for recipes. This so Ann Staley can get all the recipes organized for the printer and for the printer to be able to his/her job.

Happy Birthday!

We send a "Happy Birthday" to our members who are celebrating in November and December.

July 1	Irene Ritch
July 12	Anne Morabito
July 16	Irving Bailey
July 17	Barbara Crissman
July 31	Jim Laird

Footnote Announces Release of Biggest WWII Collection Date.

Footnote.com is a subscription based website

which has a partnership with the National Archives. On 11 Dec. 2008, they made the announcement that at collection of WWII records were posted to the site and that most would be free viewing.

The collection consists of 4 areas:

1. Explore the Arizona Memorial. This area is billed as an "Interactive USS Arizona Memorial" where you can view information and photos on the attack, see member contributions, create your own tribute, and search for names listed on the memorial. This area is Free.
2. WWII Hero Page. This area is devoted to your online tribute to your WWII relatives. 8.8 million pages have already been built from the WWII Army Enlistment Records. This area is free.
3. WWII Photos. This area provides the opportunity to search over 80,000 historical pictures from the National Archives and to upload your own pictures from that time. The website states, "Photos include captions highlighting people, places, events in the photo." This area is Free.
4. WWII Documents. Here you can search historical documents concerning WWII. Some of the records included are: Submarine Patrol Reports, Pearl Harbor Muster Rolls, Missing Air Crew Reports, Army JAG Files, etc. This area was free for the month of December.

Go to <http://www.footnote.com> for more information and to see the collection.

Membership and Telephone Committee Request

If your Email address, phone number, or postal address changes, please be sure to let Tina Frady, Membership Chair, and/or Norma LeVey, Telephone Sub-committee Chair, know as soon as possible. Their contact information is below in the list of Board Members for 2008.

Kathy Balistreri, our Corresponding Secretary has moved to Virginia. She did a remarkable job at her duties as corresponding secretary. Thank you too, Kathy for all the other wonderful help you provided in many areas for the society. Kudos to you. While it is sad to see her leave our midst we do wish only the best for her in the future. Again, Kathy, Thank you for all you have done for the society.

**Naming Patterns and
Genealogical Research.**

Most Ethnic and religious groups have their own unique naming pattern customs. Names are critical since they define an individual's identity, both within the family unit and the community. Researchers who take the time to study naming patterns in their family lines often find clues to locate ancestors as they work through the process. While a variety of factors play roles in naming practices, the most common are based on individual family traditions, religious beliefs, and ethnic customs. Family naming traditions have often followed some or all of the patterns listed below.

1. First born son for the father, or the father's father.
2. Second born son for the wife's father.
3. Third born son for the father's older brother.
4. Fourth born son for the father's grandfather.

5. First born daughter for mother, mother's mother, or father's mother.
6. Second born daughter for the wife's mother.
7. Third born daughter for the wife's older sister.
8. Fourth born daughter for the mother's grandmother.

Families with strong religious traditions/beliefs often name children after notable religious persons. The names often come from the Bible, Torah, or Koran. Catholics are famous for naming children after saints, while many Protestants often limit their names to the most famous of the twelve apostles. Jewish families often name children after the patriarchs mentioned in the Torah and the Old Testament.

Ethnic groups often have customs and traditions governing naming patterns. Ethnic specific how-to-books usually offer detailed information on this subject. Genealogical societies with ethnic specific special interest groups offer expertise and guidance in this area. Ethnic specific historical and/or genealogical societies are additional links for learning the cultural, geographic, economic, historical, religious, and linguistic factors governing naming patterns. Some examples of these would include: 1. Place Names; 2. Ancestors' occupations; 3. Nicknames; and 4. Patronymics/Matronymics.

Postal Rates to Increase April 1.

Under the new tax bill just passed by congress, postal rates will increase along with an increase in luxury taxes on several articles beginning April 1.

The new postal rates will remain 3c for first class letters for each ounce as in the past but 3c will be the minimum on letters. Under the rates now a letter to go in town is 1c and on the routes is 2c but this will be abolished.

The big change which will be the hardest for people to get accustomed to is the increase in Air Mail rates. The rates are now 6c but will be advanced to 8c for each ounce to someone in the United States or 8c for each half-ounce to anyone outside the United States including the ones in service.

Hard On Peddlers.

Under a new law just passed, all persons with no fixed place of abode, who shall be engaged in horse trading, fortune telling or selling or disposing of curios upon the public highways of Kansas shall be deemed guilty of vagrancy and for the same, or for them to camp-upon public highways, will be punishable with a fine of \$500, six months in jail, or both.

Home-Made Lotion.

Here is a hand lotion recipe that will help keep rough hands soft these cold wintery days: 1 ounce gum of tragacanth (soak for a day in 2 pints of soft water); 3 ounces of bay rum, 3 ounces glycerine, 10c oil bergamont (or other perfume); juice of 3 lemons, and 4 pints of soft water. After the gum of tragacanth has soaked, run through a sieve to remove hard pieces. Mix all ingredients and whip to improve texture.

Long Distance Genealogical Research

Genealogical research involves searching multiple varieties of historical record types, manuscripts, documents, and publications. The research process involves searching multiple jurisdictions in different states and overseas. When doing any type of genealogical research, there is no substitute for being present in person at the facility and examining the record yourself or in the presence of a qualified and experienced researcher. However, this is easier said than done. While some genealogists are comfortable financially, retired, and have the spare time to travel to these destinations, many are in the position where this is either cost prohibitive or impossible due to physical/health limitations. Furthermore, for some people, the thought of relying on someone else to locate family information is uncomfortable. Even if you overcome this challenge, knowing what to ask for, and if it is available, can be another source of anxiety.

For this type of research situation, the only option available is long distance research. On Saturday, July 11, 2009, we will conduct a two hour seminar on this important topic. In order to successfully research ancestors in this manner, the following steps have been recommended in countless seminars and books on the subject. We will go into greater detail on each step in our July seminar. Step One: Learn as much as possible about your ancestors using family resources.

Step Two: Determine the various jurisdictions where ancestors resided.

Step Three: Make each locality the subject of a basic search outline.

Step Four: Determine what types of genealogical records may have been generated by the ancestor and or family.

Step Five: Why church records may be your initial source.

Step Six: Join a local genealogical society and consider joining a genealogical/history society in each jurisdiction where you will be searching.

Step Seven: Locate some good print and Internet sources to describe the types of records available for a given county or state.

Step Eight: Locate the best sources to access information and request copies of ancestral documents and records.

Step Nine: Keep track of your research and correspondence.

Step Ten: Should I consider hiring a professional genealogist?

As in the case with any type of research process, there are steps that should be followed. While there is no strict rule that each step needs to be followed in exact sequence, these options are considered the best by many genealogical instructors. There are no guarantees of 100% success in genealogy. However, following these steps will put you in the best possible position for success.
